**Results that
inspire. Steps
that continue.**

Over the past two years, Inclusive Apprenticeships has become more than just a project — it has grown into a network of people, ideas, and initiatives united by a common goal: creating a more equitable and open environment for vocational training. We set out to prove that inclusion is not just a social theme, but a driving force for innovation and progress.

👏 Together, we have succeeded in:

- building a European e-learning platform for mentors;
- developing guides and practical tools for inclusive training;
- forming a community of mentors who will continue to share experiences and solutions.

Newsletter #4 | November, 2025

☀️ **Dear partners and supporters,**

We are pleased to announce the **Final Conference of the project**, which will take place online on **November 20, 2025**.

This is not only a moment of celebration marking the end of the project, but also the beginning of a new chapter — one in which our results become resources for everyone who believes that vocational education can truly change lives for the better.

🔗 **Why you should join**

Because you will discover:

- Good practices and lessons learned from the experiences of apprentices and mentors;
- How organizations can integrate practical tools to support diversity in learning environments;
- How you can become part of the European network of inclusive mentors.

JUL 17 **Participation and Pre-registration**

The event is open to the general public; however, participation is based on pre-registration. To reserve your spot, please complete the registration form available [here](#).

„In each partner country, we have learned that inclusion is not just a value — it is a daily practice. The Final Conference is our invitation to continue this conversation together.” (Team Inclusive Apprenticeships)

*Let's keep empowering all,
because inclusion starts with action.*
